The New York Times bestselling author of *Always* imagines life on Boat Street, a floating community on Seattle's Lake Union, home to people of artistic spirit who for decades protect the dark secret of one startling night in 1959. Fleeing an East Coast life marred by tragedy, Ada Santorini takes up residence on houseboat number seven on Boat Street in search of inspiration and new opportunities. When she discovers a trunk left behind by Penny Wentworth, a young newlywed who lived on the boat half a century earlier, she is immediately drawn into this long lost story. Ever-curious, Ada longs to know her predecessor's fate, but does not suspect that Penny's mysterious past and her own clouded future are destined to converge...

Gross, embarrassing, and just plain silly questions about boogers, bugs, smelly socks, itchy scabs, and more! Adapted from the hugely popular board game, this interactive and completely engaging book serves up hundreds of bizarre, embarrassing, sometimes ethical and sometimes stomach-churning dilemmas that kids will love to pose to their friends and siblings, whether in the backseat, on a sleepover, at a party, on a rainy day, or during a lull in the lunchroom (if you dare). Ponder the icky: Would you rather eat 10 pounds of cheese -OR- a bucket of peanut butter—with nothing to drink? The exponentially icky: Would you rather drink liquid found leaking from a garbage can -OR- chew on a hairy clump found between the cushions of an old couch? The fantastic: Would you rather be able to talk with all animals -OR- be able to understand all languages? The priority-testing: As a soccer player, would you rather mess up and score a goal for the other team but still have your team win -OR- play your best game ever even though your team loses? And the hair-raising: Would you rather swim across a river that is filled with crocodiles -OR- spend the night on an island where man-eating tigers live? Fascinating sidebars throughout are filled with interesting ancillary information—the nature of drool, left-handedness vs. right-handedness, what's dangerously filthy and what's just gross, why we blush when we're embarrassed—so kids can learn something as they laugh!

A deeper look at the issues raised by the acclaimed Four Horsemen film. As the global economy veers from crisis to catastrophe, people have finally had enough. Billions are denied effective access to an economy that has been hijacked by vested interests. The people who caused the financial crisis suffer no loss, while the innocent majority see their living standards fall, or pay with their jobs. But it doesn't have to be like this. By equipping ourselves with a better understanding of the crisis and its root causes in a fatally flawed economic system, not only will we be better prepared for the challenges ahead, but we will also find the motivation to work towards real change. The Survival Manual points the way to a saner future. The need for change has never been more urgent, but the conditions have never been more favourable.

With hope and belief we can build a better world, and create a civilization fit for human beings. Looptail is Bruce Poon Tip's extraordinary first-person account of his entrepreneurial instincts to start and develop G Adventures, the highly successful international travel adventure company - and along the way he reveals his unusual management secrets that not only keep his employees fully engaged and energized but also keep his customers extremely happy. His unique approach has worked in marvellous ways. Poon Tip has created an entirely new and

refreshing approach to management. For example, there is no CEO at G Adventures - instead, every employee is a CEO, empowered to make instantaneous decisions to help clients on the spot. But while there's no CEO, there is a company Mayor, who take the pulse of corporate morale. There's no HR department - but there is a Talent Agency and company Culture Club. It hasn't always been easy to try to balance his desire for a socially responsible company along with the desire to generate profits. But thanks to Poon Tip's vision, G Adventures has flourished and has done its best to maintain its looptail approach. In short, it's been an extraordinary ride, and in many ways G Adventures is at the vanguard of what modern-day companies are beginning to look like.

Readers who love the West will find Mary Kurtz's first collection of essays an insightful journey into the history, natural world, and community of a special mountain valley near Steamboat Springs, Colorado. Walk through the Elk River Valley with Mary as she shares her thoughtful perspectives on the people, history, rich landscape, and ranching traditions of the place she's

called home for over thirty years. Join her as she introduces you to modern-day pioneers whose stories inspire and entertain. Meet a long-time rancher who hunts mountain lion where "no man ... ever walked"; a larger than life grandmother (usually seen wearing a bonnet and baseball hat) who never quite matched anyone's image of a rancher; and visionary land preservationists who protected the valley they love for generations to come. Sometimes poignant, always introspective, and informative, *At Home in the Elk River Valley* ultimately nudges each of us to contemplate deeper definitions of family, community and the physical place we call home. "In *At Home in the Elk River Valley*, Mary Kurtz invites readers to experience the ebb and flow of generations of ranchers in northwestern Colorado. Her lyrical prose ponders not only the seasonal change on the natural landscape, but the seasonal change of family life and those occurring within rural and western communities. Through her reflections, we gain an awareness of how closely tied we are to the past. This memoir is about change, loss, rejuvenation, and hope that is best enjoyed by the fireplace or under a shady elm to transport you into the slower pace of rural living." The second book in a romantic and drama-packed trilogy perfect for fans of Rachel Vincent, Julie Kagawa, and Alyson Noel. Lusciously romantic and full of action-packed drama, readers will be swept away by this thrilling novel. Dawn Montgomery knows that monsters really do come out at night—after all, they are her job. It ' s just after the thirty-year war between vampires and humans, and as an ambassador between the two sides (a role she inherited when her parents were killed), Dawn quickly learns that balancing schoolwork, teen life, and the requests of Lord Valentine, the most frightening vampire in the region, isn ' t easy. There's nowhere left to hide. I thought vampires were our enemies—they controlled our lives, isolated our cities, and demanded our blood—until I met Victor. With Victor taking over as the new Lord Valentine, things were supposed to get better. Instead, they're worse than ever. Day Walkers, a new breed of vampires who can walk in the sun, are terrorizing the city. Blood supplies are low, and if Victor's vampires don't get enough, they will become infected with the Thirst—a disease that will turn them into mindless killers. To stop it, I must journey across the desolate wasteland to the very place where the sickness began. I can only hope that the answers that await me are enough to save us all...before it's too late.

The Third Edition of *Police & Society* offers a comprehensive introduction to policing in the United States. Author Roy Roberg is joined by prominent policing scholars Kenneth Novak and Gary Cordner. Their thoroughly revised text is both descriptive and analytical in nature—covering the process of policing, police behavior, organization, operations, and historical perspectives. Contemporary issues and future prospects of policing are fully addressed. Poetry. Latino/Latina Studies. LGBT Studies. "Like Whitman, Quesada is a poet of motion—journeying to the center of the US, where the traditions and innovations of first-generation Americans traverse the meditative starbursts of hills; ford rivers; cross prairies; and seek out 'the alpenglow of tomorrow and tomorrow.' From Costa Rica to Los Angeles and across the continent, Quesada's poems chronicle one family's history: from the courtship of his parents to their separation, from his childhood struggles to awakening desire from his mother's lottery winnings to his own personal losses, Ruben Quesada carries us toward 'that seam in space' where dream and experience intersect. This isn't the story of what it means to come to this country. It's the story of what it means to belong here"—D. A. Powell.

Colonial Lives offers a rich variety of archival documents in translation which bring to life the political and economic workings of Latin American colonies during 300 years of Spanish rule, as well as the day-to-day lives of the colonies' inhabitants. Intended to complement textbooks such as Burkholder and Johnson's Colonial Latin America by presenting students with primary sources -- the raw materials on which the facts in other textbooks are based -- this reader strives to illustrate the impact of issues such as race, class, gender, sexuality, culture and religion in the daily lives of both natives and colonists alike. The concerns, struggles and perspectives of the inhabitants of colonial Latin America are reflected in transcripts of civil and criminal court cases, administrative reviews, ecclesiastical investigations, Inquisition trials, wills, and letters the editors have included in this reader. Each document is prefaced by an introduction that places it in the social and political context of the period. The book also includes a glossary of terms and lists of suggested further readings. Most uniquely, the book offers helpful thematic cross-referencing sections and an index of themes which allow instructors to easily adapt the book to their courses and to assign readings according to the criteria of their own specific curriculums.
