SOMETIMES LOVE IS CLOSER THAN YOU

THINK Brando Haywood is a handsome, popular, and successful entertainment lawyer who seems to have everything but passion. Two years celibate and a prisoner of his routine, he goes through life quietly on the sidelines while his promiscuous best friend, Omar Stevens, thrashes through life and love with all the ups and downs Brando barely realizes he longs for. Brando's life takes a dramatic turn when he is asked to defend a female friend who has killed her rapist. The sensational and controversial trial that follows not only ignites Brando's fervor for his career but also helps him discover his passion and a true love that had been staring him in the face all along. Looker firmly establishes Stanley Bennett Clay's reputation as a writer who spins brilliant erotic entertainment even as he challenges his readers' sensibilities.

El Libro: Existe ya una solución para quitar a los niños de la calle de manera definitiva y radical: si el Banco Mundial deja los fraccionamientos de pesos que quedan después de un intercambio de la casa internacional de cambio del Peso mexicano, a los mexicanos, entonces estas se convierten en números billonarios. No hacen falta los dineros. No hacen falta los recursos. De hecho, no hace falta nada... Si los niños no pueden irse a la escuela, entonces la escuela tiene que irse a ellos. Basado en las filosofías de Paulo Freire y Mathew Lipman, la Dra. Verville nos hace notar que tal vez una justicia en la educación demanda mucho mas de la parte de la gente privilegiada, que de la parte de la gente oprimida.

A Guided Journey to Embody Your Courage and Live with Authenticity

Life of General Philip Schuyler, 1733-1804

From Socrates and Plato onwards, the Sophists were often targeted by the authoritative philosophical tradition as being mere charlatans and poor teachers. This book, translated and significantly updated from its most recent Italian version (2nd edition, 2013), challenges these criticisms by offering an overall interpretation of their thought, and by assessing the specific contributions of thinkers like Protagoras, Gorgias and Antiphon. A new vision of the Sophists emerges: they are protagonists and agents of fundamental change in the history of ancient philosophy, who questioned the grounds of morality and politics, as well as the nature of knowledge and language. By shifting the focus from the cosmos to man, the Sophists inaugurate an alternative form of philosophy,

whose importance is only now becoming clear.

Gaston's Restaurant was owned by John Gaston, the "prince of Memphis restaurateurs." Leonard's Pit Barbecue was operated by Leonard Heuberger, the man who invented the pulled pork sandwich. Gayhawk Drive-In was hugely popular with African Americans during segregation. Author G. Wayne Dowdy details the history of Memphis's most celebrated restaurants and the reasons they will live forever.

Low-Resolution Picture Transmission (LRPT) is a proposed standard for direct broadcast transmission of satellite weather images. This standard is a joint effort by the European Organization for the Exploitation of Meteorological Satellites (EUMETSAT) and NOAA. As a digital transmission scheme, its purpose is to replace the current analog Automatic Picture Transmission (APT) system for use in the Meteorological Operational (METOP) satellites. GSFC has been tasked to build an LRPT Demonstration System (LDS). Its main objective is to develop or demonstrate the feasibility of a low-cost receiver utilizing a PC as the primary processing component and determine the performance of the protocol in the simulated Radio Frequency (RF) environment. The approach would consist of two phases. Fong, Wai and Yeh, Pen-Shu and Duran, Steve and Sank, Victor and Nyugen, Xuan and Xia, Wei and Day, John H.
