Its about what you obsession currently. This **Sundered The Nevermore Trilogy 1 Shannon Mayer**, as one of the most committed sellers here will certainly be in the midst of the best options to review.

"A dark, suburban fantasy . . . richly funny, even whimsical, and bizarrely familiar." —The New Yorker In the seaside community of Donald Antrim's *Elect Mr. Robinson* for a Better World, the citizens are restless. The mayor has fired stinger missiles into the Botanical Garden reflecting pool, and his public execution was a messy affair. As these hawkish suburbanites fortify their houses with deadly moats and land mines, a former third-grade teacher named Pete Robinson steps forward with a tenuous bid to replace the mayor. But can anyone satisfy the terrible will of the people? By turns funny and phantasmagorical, fiercely intelligent and imaginative, Donald Antrim's story of suburban civics turned macabre is a new American classic.

When one defines "order" as a sorting of priorities, it becomes beautifully clear as to what Foucault is doing here. With virtuoso showmanship, he weaves an intensely complex history of thought. He dips into literature, art, economics and even biology in *The Order of Things*, possibly one of the most significant, yet most overlooked, works of the twentieth century. Eclipsed by his later work on power and discourse, nonetheless it was *The Order of Things* that established Foucault's reputation as an intellectual giant. Pirouetting around the outer edge of language, Foucault unsettles the surface of literary writing. In describing the limitations of our usual taxonomies, he opens the door onto a whole new system

of thought, one ripe with what he calls "exotic charm".

Intellectual pyrotechnics from the master of critical thinking, this book is crucial reading for those who wish to gain insight into that odd beast called Postmodernism, and a must for any fan of Foucault.

Surrounded by the most obstinate of madness, Mara will use the strength within herself to free both she and Sebastian once and for all. As Sebastian slips further away from her, Mara will have to fight as she never has before--alone. The bonds of love and friendship will be stretched to their breaking point as the world around them spins out of control, and the dangers continue to mount. Can she carry them both through the obstacles ahead and find a way to heal Sebastian? Can she accomplish all of this in time?

Yu Kisaragi, a skilled physician, has a big crush on someone, but his feelings will never be returned; the person is his colleague Hasunuma. To distract himself from the fruitless love, he works hard in a university hospital in the daytime and goes to a bar at night seeking one night stand. One day Kisaragi was involved in an incident at a rip-off bar. He was saved by Kanesaki, his patient Arima's man, and they slept together. Before long Kisaragi grows to like Kanesaki, but fate doesn't work in favor of Kisaragi. The story of the sundered lovers. Caution! This book belongs to the genre of Boy's love (YAOI), love stories between two boys. Please do not read if you are not familiar with the genre. Rated adult only.

***This trilogy version contains all THREE installments of The Nevermore Trilogy and includes the BONUS short story

'Scattered'.***SUNDERED (Book One of The Nevermore Trilogy): They were promised weight loss, the cure for Cancer, Parkinson's Disease and infertility; they were promised hope. The side effects were anything but hopeful. Mara and Sebastian are young, in love and newlyweds. Far too soon, they will face tests to their love that most others won't survive. Their bond strengthens with each loss, destruction and unbearable race against time. In each other, they find the will and hope to endure. Hand in hand, they will face the darkening of humanity with strength and integrity and an undeniable spirit to survive; together. "Sundered is a story that will steal a piece of your heart as you cheer for both Mara and Sebastian in this unconventional love story. It is a story of love, hope, faith and the strength to carry on after the dark times come."

-Reviewer BOUND (Book Two of The Nevermore Trilogy): They were promised weight loss, the cure for Cancer, Parkinson's Disease and infertility; they were promised hope. The side effects were anything but hopeful. Mara faces seemingly insurmountable obstacles and adversities as she works feverishly to free Sebastian from the holds which bind him. Her refusal to abandon him, and his refusal to let her slip away, keep them fighting to be reunited. Fears escalate and dangers destroy their beliefs, but they cling to their love and find strength in each other even when separated. Mara and Sebastian manage to face each act of violence, each tragedy, and terrifying sight with a strength which won't bend to any confrontation. "Gritty, violent, tragic and terrifying, this whole series also manages to be touching, romantic and at times, even sexy....."-Jess the Romanceaholic DAUNTLESS (Book Three of The Nevermore Trilogy): They were promised weight loss, the cure for Cancer, Parkinson's Disease and infertility; they were promised hope. The side effects were anything but hopeful. Surrounded by the most obstinate of madness, Mara will use the strength within herself to free both she and Sebastian once and for all. As Sebastian slips further away

from her, Mara will have to fight as she never has before. Alone. The bonds of love and friendship will be stretched to their breaking point as the world around them spins out of control, and the dangers continue to mount. Can she carry them both through the obstacles ahead and find a way to heal Sebastian? Can she accomplish all of this in time? This final chapter of The Nevermore Trilogy will leave you breathless, sitting on the edge of your seat screaming out loud for love to overcome and the goodness of human nature to prevail. "I was completely blindsided by events in this story. Even now, I can't stop thinking about it." Author of "Until Dawn: Last Light", Jennifer Simas

Friedrich Hölderlin's only novel, *Hyperion* (1797-99), is a fictional epistolary autobiography that juxtaposes narration with critical reflection. Returning to Greece after German exile, following his part in the abortive uprising against the occupying Turks (1770), and his failure as both a lover and a revolutionary, *Hyperion* assumes a hermitic existence, during which he writes his letters. Confronting and commenting on his own past, with all its joy and grief, the narrator undergoes a transformation that culminates in the realisation of his true vocation. Though Hölderlin is now established as a great lyric poet, recognition of his novel as a supreme achievement of European Romanticism has been belated in the Anglophone world. Incorporating the aesthetic evangelism that is a characteristic feature of the age, *Hyperion* preaches a message of redemption through beauty. The resolution of the contradictions and antinomies raised in the novel is found in the act of articulation itself. To a degree remarkable in a prose work of any length, what it means is inseparable from how it means. In this skilful translation, Gaskill conveys the beautiful music and rhythms of Hölderlin's language to an English-speaking reader.

The first volume in Hunter S. Thompson's bestselling *Gonzo Papers* offers brilliant commentary and outrageous humor, in his signature style. Originally published in 1979, the first volume of the bestselling "Gonzo Papers" is now back in print. The Great Shark Hunt is Dr. Hunter S. Thompson's largest and, arguably, most important work, covering Nixon to napalm, Las Vegas to Watergate, Carter to cocaine. These essays offer brilliant commentary and outrageous humor, in signature Thompson style. Ranging in date from the National Observer days to the era of Rolling Stone, *The Great Shark Hunt* offers myriad, highly charged entries, including the first Hunter S. Thompson piece to be dubbed "gonzo" — "The Kentucky Derby Is Decadent and Depraved," which appeared in *Scanlan's Monthly* in 1970. From this essay a new journalistic movement sprang which would change the shape of American letters. Thompson's razor-sharp insight and

crystal clarity capture the crazy, hypocritical, degenerate, and redeeming aspects of the explosive and colorful '60s and '70s.

"All hail the queens of Urban Fantasy!" Reviewer From NYT and USAT bestselling authors Denise Grover Swank and Shannon Mayer comes the thrilling sequel to "Silver Staked". . . My name is Rachel Sambrook, and I thought I understood the world...until I discovered the world is full of living, breathing, monsters. When I teamed up with Lea, I thought we stopped the experiments on the vampire blood. All we did was open a can of wolves, we had not expected. The clues we find take us halfway across the world and to my irritation, leave us depending on two men. One, a werewolf who has his own set of secrets. And the other a Cazador like Lea...only this one is human. And more tempting than I'd like to admit. The only way to win this new fight will be to trust one another. If we don't, then none of us will survive the bite that is coming. . . . WOLF BITE was previously published under the title "Replica"

The Sacred and Profane Memories of Captain Charles Ryder. A Novel

Our Nig (EasyRead Large Bold Edition)

Elect Mr. Robinson for a Better World

The Sundered

Orphaned. Trained to fight. Raised to fear the power of Underhill. Secretly in love with a man who doesn't want me. I'm still just Alli, aka the half-human orphan fae, but my life is looking up for the first time. It only took me my whole 24 years. But when Underhill—the ancestral home of the fae—shatters, making it impossible for any fae to enter, I'm the only one who knows who did it. A secret that will be the death of me if I do nothing. A brutal madness spreads through the fae as they lose their connection to Underhill, and to save my people, my only choice is to leave all I have fought for and go on the run. Unless I figure out how the hell magic that has existed since the dawn of time was destroyed with a single touch, well, an entire life spent fighting to prove myself isn't going to mean anything at all. I must find the answer to the riddle of Underhill's shattering. Hunted by the very man I loved once upon a time. If you love Jennifer L. Armentrout, Sarah J. Mass, Holly Black or Elise Kova, you will love this dive into a world of the fae, forbidden love, and a story that will leave you breathless for more.

From the world of Rylee Adamson and the Elemental Series comes a heroine with nothing to lose and everything to prove.... "My name is Pamela, and I am a witch who has no equal." Or so I

thought. It has been three years since the Destroyer sundered our world. The land is no longer whole, but broken into pieces, most technology gone, and the continents shattered into an unrecognizable place. New monsters have risen from the depths, adding danger on top of danger. Through it all the humans fight to survive as they compete not only with the supernaturals for food and resources, but their own kind as well. And me? The caravans of humans I pass, they look to me to save them. Only I am not the witch I once was. Bound by those who fear my power and my bloodline, I'm lucky if I can light a match with my magic, never mind protect anyone but myself. Now, the darkness in me rises, offering me all that I want. Freedom from the chains I wear, and the power to make everything right. But if I embrace the darkness I will face a cost I could never have imagined...

From Million-Selling Author Robert J. Crane... Her mother is missing. A psychotic beast is stalking her. How will she escape? Alone Sienna Nealon was a 17 year-old girl who had been held prisoner in her own house by her mother for twelve years. Then one day her mother vanished, and Sienna woke up to find two strange men in her home. On the run, unsure of who to turn to and discovering she possesses mysterious powers, Sienna finds herself pursued by a shadowy agency known as the Directorate and hunted by a vicious, bloodthirsty psychopath named Wolfe, each of which is determined to capture her for their own purposes... Untouched Still haunted by her last encounter with Wolfe and searching for her mother, Sienna Nealon must put aside her personal struggles when a new threat emerges

"Many artists seek to attain immortality through their art, but few would expect their work to outlast the human race and live on for billions of years. As Canadian poet Christian Bök has realized, it all comes down to the durability of your materials." —The Guardian Internationally best-selling poet Christian Bök has spent more than ten years writing what promises to be the first example of "living poetry." After successfully demonstrating his concept in a colony of *E. coli*, Bök is on the verge of enciphering a beautiful, anomalous poem into the genome of an unkillable bacterium (*Deinococcus radiodurans*), which can, in turn, "read" his text, responding to it by manufacturing a viable, benign protein, whose sequence of amino acids enciphers yet another poem. The engineered organism might conceivably serve as a post-apocalyptic archive, capable of outlasting our civilization. Book I of *The Xenotext* constitutes a kind of "demonic grimoire," providing a

scientific framework for the project with a series of poems, texts, and illustrations. A Virgilian welcome to the Inferno, Book I is the "orphic" volume in a diptych, addressing the pastoral heritage of poets, who have sought to supplant nature in both beauty and terror. The book sets the conceptual groundwork for the second volume, which will document the experiment itself. The Xenotext is experimental poetry in the truest sense of the term. Christian Bök is the author of *Crystallography* (1994) and *Eunoia* (2001), which won the Griffin Poetry Prize. He teaches at the University of Calgary in Alberta, Canada.

The Final Descent

Merry's Book of Puzzles is a classic collection of riddles and puzzles from the late 19th century.

The world-famous French singer Édith Piaf (1915-63) was never just a singer. This book suggests new ways of understanding her, her myth and her meanings over time at home and abroad, by proposing the notion of an 'imagined' Piaf.

First discovered by Martin Luther, *Theologia Germanica* was originally published in 1516. This reprint of the 1893 edition was translated by British scholar SUSANNE WINKWORTH (1820-1884). A departure from many Christian writings of the period, this work suggests that by following in Christ's path, anyone could be united with God, for the life of Christ is an example of perfection for all to follow. With its discussions of sin and explanations as to how selfishness is the fundamental sin, this classic book will appeal to religious scholars and anyone interested in the Reformation. German theologian and reformer MARTIN LUTHER (1483-1546) argued against many of the common practices of the Roman Catholic Church, including the selling of indulgences and the Church's insistence that it needed to mediate between people and God. Luther's writings were greatly influential in the Protestant Reformation, which forever changed Christianity. He wrote a number of important works, although many consider his translation of the Bible into German to be one of his most important contributions. *The Desiring-Image* redefines queer cinema as a kind of filmmaking that conveys sexuality and desire as fundamentally fluid for all people, exceeding familiar stories and themes in many LGBT movies.

Notes, Critical and Practical, on the Book of Exodus

The Desiring-Image

Narrative of the Life of Frederick Douglass

A Novel

A Private Voyage

Hymns of Faith and Hope. New edition. [Selected from Series 1-3.]

Allegories of America offers a bold idea of what, in terms of political theory, it means to be American. Beginning with the question What do we want from a theory of politics? Dolan explores the metaphysics of American-ness and stops along the way to reflect on John Winthrop, the Constitution, 1950s behavioralist social science, James Merrill, and William Burroughs. The pressing problem, in Dolan's view, is how to find a vocabulary for politics in the absence of European metaphysics. American political thinkers, he suggests, might respond by approaching their own theories as allegories. The postmodern dilemma of the loss of traditional absolutes would thus assume the status of a national mythology—America's perennial identity crisis in the absence of a tradition establishing the legitimacy of its founding. After examining the mid-Atlantic sermons of John Winthrop, the spiritual founding father, Dolan reflects on the authority of the Constitution and the Federalist. He then takes on questions of representation in Cold War ideology, focusing on the language of David Easton and other liberal political "behaviorists," as well as on cold War cinema and the coverage of international affairs by American journalists. Additional discussions are inspired by Hannah Arendt's recasting of political theory in a narrative framework. here Dolan considers two starkly contrasting postwar literary figures—William S. Burroughs and James Merrill—both of whom have a troubled relationship to politics but nonetheless register an urgent need to articulate its dangers and opportunities. Alongside Merrill's unraveling of the distinction between the serious and the fictive, Dolan assesses the attempt in Arendt's *On Revolution* to reclaim fictional devices for political reflection.

The shattering conclusion to the nine-book Next Generation series that chronicles the untold adventures of the Enterprise crew between the events depicted in the feature films *Star Trek: Insurrection* and *Star Trek Nemesis*! On the cusp of their epic battle with Shinzon, many of Captain Jean-Luc Picard's long-time crew were heading for new assignments and new challenges. Among the changes were William Riker's promotion

to captain and his new command, Riker's marriage to Counselor Deanna Troi, and Dr. Beverly Crusher's new career at Starfleet Medical. But the story of what set them on a path away from the *Starship Enterprise*™ has never been told. UNTIL NOW. Following the scandalous Tezwa affair, the Federation president's resignation forces an election, with the future of the United Federation of Planets to be determined by who emerges victorious from a hotly contested vote. But it is the fate of the entire galaxy that may actually be decided on Qo'noS, as the Federation embassy is seized by terrorists whose actions expose intrigue reaching the highest levels of Klingon government—and it will take all of Ambassador Worf's skills to keep the fragile Federation-Klingon alliance from collapsing. And while this potential intergalactic chaos looms, Commander Riker finds his plans for command and marriage soured by a brutal, high-level inspection of the ship from which the crew may not escape unscathed... The epic miniseries comes to a shocking conclusion—one that will leave the Star Trek universe changed forever!

Empires at War, 1911-1923 offers a new perspective on the history of the Great War. It expands the story of the war both in time and space to include the violent conflicts that preceded and followed the First World War, from the 1911 Italian invasion of Libya to the massive violence that followed the collapse of the Ottoman, Russian, and Austrian empires until 1923. It also presents the war as a global war of empires rather than a European war between nation-states. This volume tells the story of the millions of imperial subjects called upon to defend their imperial governments' interest, the theatres of war that lay far beyond Europe, and the wartime roles and experiences of innumerable peoples from outside the European continent. *Empires at War* covers the broad, global mobilizations that saw African soldiers and Chinese labourers in the trenches of the Western Front, Indian troops in Jerusalem, and the Japanese military occupying Chinese territory. Finally, the volume shows how the war set the stage for the collapse not only of specific empires, but of the imperial world order writ large.

Narrative of the Life of Frederick Douglass First published in 1845, *Narrative of the Life of Frederick Douglass* is an eye-opening depiction of American slavery. Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed

to survive. Narrative of the Life of Frederick Douglass Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre – Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past. Narrative of the Life of Frederick Douglass

 Hisses and Honey
 In his final book, Gould offers a surprising and nuanced study of the complex relationship between our two great ways of knowing: science and the humanities, twin realms of knowledge that have been divided against each other for far too long.
 Eugene W. Holland provides an excellent introduction to Gilles Deleuze and Felix Guattari's *Anti-Oedipus* which is widely recognized as one of the most influential texts in philosophy to have appeared in the last thirty years. He lucidly presents the theoretical concerns behind *Anti-Oedipus* and explores with clarity the diverse influences of Marx, Freud, Nietzsche and Kant on the development

of Deleuze & Guattari's thinking. He also examines the wider implications of their work in revitalizing Marxism, environmentalism, feminism and cultural studies.
 The Pulitzer Prize – winning, New York Times – bestselling novel about a peasant farmer and his family in early twentieth-century China. *The Good Earth* is Buck's classic story of Wang Lung, a Chinese peasant farmer, and his wife, O-lan, a former slave. With luck and hard work, the couple's fortunes improve over the years: They are blessed with sons, and save steadily until one day they can afford to buy property in the House of Wang—the very house in which O-lan used to work. But success brings with it a new set of problems. Wang soon finds himself the target of jealousy, and as good harvests come and go, so does the social order. Will Wang's family cherish the estate after he's gone? And can his material success, the bedrock of his life, guarantee anything about his soul? Winner of the Pulitzer Prize and the William Dean Howells Award, *The Good Earth* was an Oprah's Book Club choice in 2004. A readers' favorite for generations, this powerful and beautifully written fable resonates with universal themes of hope and family unity. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.
 The LitJoy Classics edition of *Jane Eyre* features a fully illustrated cover and interior end pages, five full-page illustrations, gold-color ribbon, custom slip cover, gilded gold page edges, and artwork by Felix Abel Klaer.

 When Dr. Warthrop begins to doubt fourteen-year-old Will Henry's loyalty, he sets him against one of the most horrific creatures in the *Monstrumarium* unaware that Will's life and his own fate will lie in the balance.
 #1 NEW YORK TIMES BESTSELLER • The office of the public defender is not known as a training ground for bright young litigators. Clay Carter has been there too long and, like most of his colleagues, dreams of a better job in a real firm. When he reluctantly takes the case of a young man charged with a random street killing, he assumes it is just another of the many senseless murders that hit D.C. every week. As he digs into the background of his client, Clay stumbles on a conspiracy too horrible to believe. He suddenly finds himself in the middle of a complex case against one of the largest pharmaceutical companies in the world, looking at the kind of enormous settlement that would totally change his life—that would make him, almost overnight, the legal profession's newest king of torts...

***Reverse Harem/HEA/Stand alone** As the younger sister of a famous author, Dominique is used to staying out of the limelight. She doesn't like to be the center of attention, and living a quiet life suits her just fine. That is until she starts dreaming about men who make her want to peel off her clothes and throw herself at them . . . at ALL of them. This quiet girl is suddenly ravenous to feel their hands on her bare skin, and their mouths as they kiss their way along her spine. But these warlocks made for battle, trained and hardened against the flames of conflict are not real--they are just figments of her imagination. She knows that. Yet, these four men who haunt her dreams stretch that believability. And when her best friend is in a car accident and the men from her dreams show up in real life, offering to help she has a choice to make. Can she save her friend, and have the men she's literally been dreaming of? Or will she wake and find herself living in a nightmare where she loses everything she loves?
 The Stars and Stripes trilogy is the story of the war that never was, but might so easily have happened: the war of the 1860s between the United States of America and the British Empire. It began with an ill-considered seizure of a British ship, escalated with an ill-considered letter to Abraham Lincoln, and continued with an ill-starred invasion of the territory of the USA by an incensed British government. The first modern war - with iron-clad ships, rapid-firing guns, trenches, mass armies and massive casualties, was taking place, not between the industrial northern states and the agricultural southern ones, but between the two great English-speaking nations. Who happened also to be the two most powerful nations on the planet. In the stunning conclusion to this series, the Irish become involved and a most surprising ending is the culmination of the ill-fated war.
 Wolf Bite
 The Order of Things
 Strange Tales from a Strange Time
 The Theologia Germanica
 Aimless Witch
 The Girl in the Box Series, Books 1-3
 Fifteen tales including several featuring the hero Ilya; one featuring the villainous Whirlwind the Whistler; and others with Vasily the Turbulent, Nikita the Footless, and Peerless Beauty, the Cake-Baker.
 The World as Will and Representation is the central work of the German philosopher Arthur Schopenhauer. One of the most important philosophical works of the nineteenth century, the basic statement of one important stream of post-Kantian thought. It is without question Schopenhauer's greatest work. Conceived and published before the philosopher was 30 and expanded 25 years later, it is the summation of a lifetime of thought. "...This book will be of interest to general readers, undergraduates, graduates, and scholars in the field." --George L. Z. roiu, PhD, Institute of Interdisciplinary Studies in Humanities and Social Sciences, New York, Analysis and Metaphysics
 The climactic final volume of *The Venom Trilogy* by USA Today bestselling author Shannon Mayer. Humble baker turned

supernatural Alena Budrene is lovely and lethal, and for the first time, she's owning it. Finally rid of her low-life ex-husband, she's free to date sexy vampire mob boss Remo, who respects her as both a Supe and a woman. She's on good terms with her difficult mother, and she's growing comfortable with her powers. But just when it seems things are falling into place for Alena, Hera strikes again: the Aegeus virus rages across Seattle, threatening the life of everyone in its path--including Remo, infected by Hades. The only way to stop the carnage is to face Hera and her army in a no-prisoners battle to determine the fate of the human race--and Alena's future. In a sweeping voyage from the Seattle bar scene to a netherworld populated by murderous gods and monsters, Alena confronts one adversary after another on a quest to set the world right for both humans and Supes and demonstrate her power--to the gods and to herself--once and for all.

Put Jonathan Raban on a boat and the results will be fascinating, and never more so than when he 's sailing around the serpentine, 2,000-mile coast of his native England. In this acutely perceived and beautifully written book, the bestselling author of *Bad Land* turns that voyage -- which coincided with the Falklands war of 1982--into an occasion for meditations on his country, his childhood, and the elusive notion of home. Whether he 's chatting with bored tax exiles on the Isle of Man, wrestling down a mainsail during a titanic gale, or crashing a Scottish house party where the kilted guests turn out to be Americans, Raban is alert to the slightest nuance of meaning. One can read *Coasting* for his precise naturalistic descriptions or his mordant comments on the new England, where the principal industry seems to be the marketing of Englishness. But one always reads it with pleasure.
